Library Information Services
COMSATS University, Lahore campus

LIBRARY NEWS

Visit of PEC Delegation

A team of Pakistan Engineering Council (PEC) visited Library Information Services, CUI Lahore on June 28, 2021, along with Senior Faculty members of Electrical Engineering department, for the accreditation of Electronics degree. Muhammad Tariq Librarian welcomed and briefed the delegates about library resources and services. The Delegation of PEC also visited different sections of the library and admired the services and infrastructure that are being provided to the users.

Orientation Session Fall 2021

LIS BULLETIN CUI LAHORE CAMPUS FALL- 2021

The library staff has welcomed newly admitted COMSATS students and arranged an Orientation Session for New Students which officially begins on Monday, September 20, 2021. Main Library Staff includes Muhammad Asim briefed to the new library users about library rules, membership, resources and services. At Architecture Library, Ms Nasira Munir, At Pharmacy Ms. Fatima Usman and At Management Science Library Naveed Siddique conducted orientation sessions for their respective students.

Fruit Party and Birthday Celebrations

The conduction of seasonal fruit party is the tradition of CUI Lahore Library. So, this year too, the libraries staff this tradition and organized the seasonal fruit party. All library Staff participated and enjoyed with the taste of seasonal fruits.

Library also celebrated the birthday party of Mr. Muhammad Asim. All the library staff wished him a wonderful birthday and prayed that May their everyday filled with joy and happiness, Love and laughter.

4

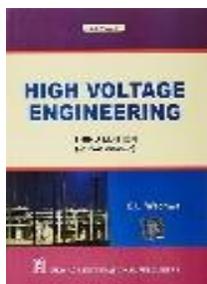

Mango Party

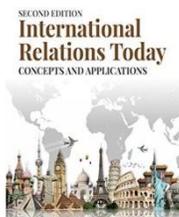

The Mango Party was hosted by LIS CUI Lahore, as is customary. The Mango party was a hit with everyone. The mango party is attended by the entire library staff. Dr. Muhammad Tariq, the library's Incharge, attended the mango party and graced the occasion. Finally, he expresses gratitude to the organizers.

Title: HEC Notifies establishment of six China study centers

Source: The News, P. 14

Dated: July 19, 2021

Web Link: <https://www.thenews.com.pk/print/866015-hec-notifies-establishment-of-six-china-study-centres>

HEC notifies establishment of six China Study Centres

Our correspondent

LAHORE

The federal Higher Education Commission (HEC) has notified establishment of six China Study Centres in the country and three-year funding under the PC-1 titled "Academic Collaboration under CPEC Consortium of Universities."

In Punjab, the only such centre will be established at the University of Engineering and Technology (UET), Lahore.

"It is an honour for our university to be selected for the project from among over 30 public sector universities in the province and we are grateful to the HEC for providing us this opportunity," said Prof Dr Syed Mansoor Sarwar, vice-chancellor, UET, Lahore while talking to The News.

"Our faculty has several on-going research collaborations with Chinese universities, several of our faculty members have earned their PhDs from top Chinese universities. We are already running Confucius Set at the university for offering Chinese language courses, and the university has been selected as Rotating Chair of China-based UNESCO's International Institute of Online Education (IOE) for

2021," Sarwar added.

The university will receive Rs22.815 million for hiring human resource (teachers and administrative staff) for three years to run the centre. In addition, it will receive a one-time grant of Rs6.9 million to purchase study material (books, magazines, etc), audio visual material, including software and requisite hardware, and office requisites. The university will get approval of the academic, administrative, and financial mechanism of the centre from its statutory bodies and provide suitable furnished internet-enabled accommodation for the centre.

Applications from universities across the country were evaluated through a competitive process against certain benchmarks. These yardsticks were related to their involvement in CPEC-related projects, research collaborations with Chinese universities, joint publications and linkages through university's teachers who have earned their PhDs from Chinese universities.

The China Study Centres are being established as mini think tanks to promote academic and research linkages among the Chinese and

Pakistani universities. The primary function of the centres will be to drive collaborative activities to enhance understanding of Chinese system, culture, and economic miracle. Universities will be eligible for funding through other initiatives under the PC-1, such as joint research projects, training and talent cultivation, and joint conferences, seminars, and workshops through a competitive selection process.

The selected universities are expected to achieve the following target on the completion of the project to promote better understanding of the Chinese history, culture, and economic development.

Each Centre will be expected to publish minimum three books on China/CPEC, undertake at least three impact studies related to CPEC in collaboration with Chinese universities, train at least 100 staff/students in Chinese language, and translate minimum 100 pages of Chinese literary pieces in addition to organising exhibitions of Chinese advancements in science and arts as well as organise cultural activities to showcase Chinese culture.

Title: GAT General Graduate Assessment Test August 2021

Source: The News, P. 4

Dated: July 18, 2021

Web Link: <https://e.thenews.com.pk/lahore/7-18-2021/>

**GAT – GENERAL
GRADUATE ASSESSMENT TEST
August 2021**

- Candidates with minimum of Sixteen-year education are eligible to apply.
- You can improve your previous GAT-Score by reappearing in the Test.
- Result awaiting candidates are also eligible to apply for GAT-General.

WHY NTS?

- We are the pioneers in Aptitude testing and assessment with transparency.
- We have 14 years of success and credibility.
- We are the most reliable and trustworthy testing service across Pakistan.
- We are the preference of majority of universities for quality assessment of their students for admission and scholarship purposes.

TEST DATE:
Sunday 08th
August 2021

**TEST SCORE
IS VALID FOR
2 YEARS**

**APPLICATION
SUBMISSION
PROCESS:**

1. Interested candidates need to visit NTS website and register online by creating their profile on datacell.nts.org.pk or visit www.nts.org.pk for further instructions.
2. All candidates are required to provide their photographs with full face exposure.
[Applications with inappropriate pictures will not be entertained]
3. Please deposit the test fee of Rs. 1000/- through the prescribed deposit slip at any branch of the designated banks across Pakistan.

IMPORTANT NOTE NTS will not charge Application/Examination Fee from Disable Candidates.

LATE APPLICATIONS WILL BE REJECTED
BY HARD APPLICATIONS WILL NOT BE ENTERTAINED
TEST FEE IS NON-REFUNDABLE /NON-TRANSFERABLE

**LAST DATE OF APPLICATION
SUBMISSION IS 28th July 2021**

Title: HEC's move to hold BS entrance test worries students

Source : The News. Page: 13

Dated : August 16, 2021

HEC's move to hold BS entrance test worries students

LAHORE: An abrupt announcement by the Higher Education Commission (HEC) on Sunday to conduct Undergraduate Studies Admission Test (USAT) for admission at undergraduate level in universities across Pakistan has caused concern among students.

The HEC advertisement did not clarify whether the USAT would be mandatory or not which added to the confusion of the students as it came at a time when a number of universities have already opened undergraduate level admissions and announced their own entry test schedule. Similarly, many universities have not planned any sort of entrance test at all for their general BS degree programs.

Besides advertisements, the HEC used its social media channels to make the announcement public which did not receive positive response from students as most of them in their harsh comments termed USAT another 'money-making' move.

"The Higher Education Commission viz Education Testing Council (ETC) will conduct Undergraduate Studies Admission Test (USAT) for admission at the undergraduate level in universities operating all over Pakistan," reads the HEC advertisement. August 30, 2021 was announced as the last date for online registration while September 12, 2021 was set as a tentative date to conduct the entry test.

Talking to The News, a number of officials from different universities also came hard on the HEC saying no consultation was done with the universities in this regard. "No consultation whatsoever. We are already planning such tests for our admissions," said a high official of a public university in Lahore when asked whether the HEC consulted the university for USAT or not. He said that since the advertisement came

from the higher education regulator there was a perception, especially among the students, that this would be mandatory.

Tahir Munir, one of the applicants for GCU BS programme, said the HEC's announcement literally panicked him. "I am already preparing for the GCU's own pre-admission entry but I am confused whether I would sit for USAT too," he said and adding the ETC would separately charge Rs 1,200 for its test.

When contacted ETC chief executive officer Dr Iftikhar said that Undergraduate Studies Admission Test (USAT) was not mandatory. He said the ETC launched its product (entry test) in the market to compete on quality basis and it was up to universities whether they wanted to adopt this test or not.

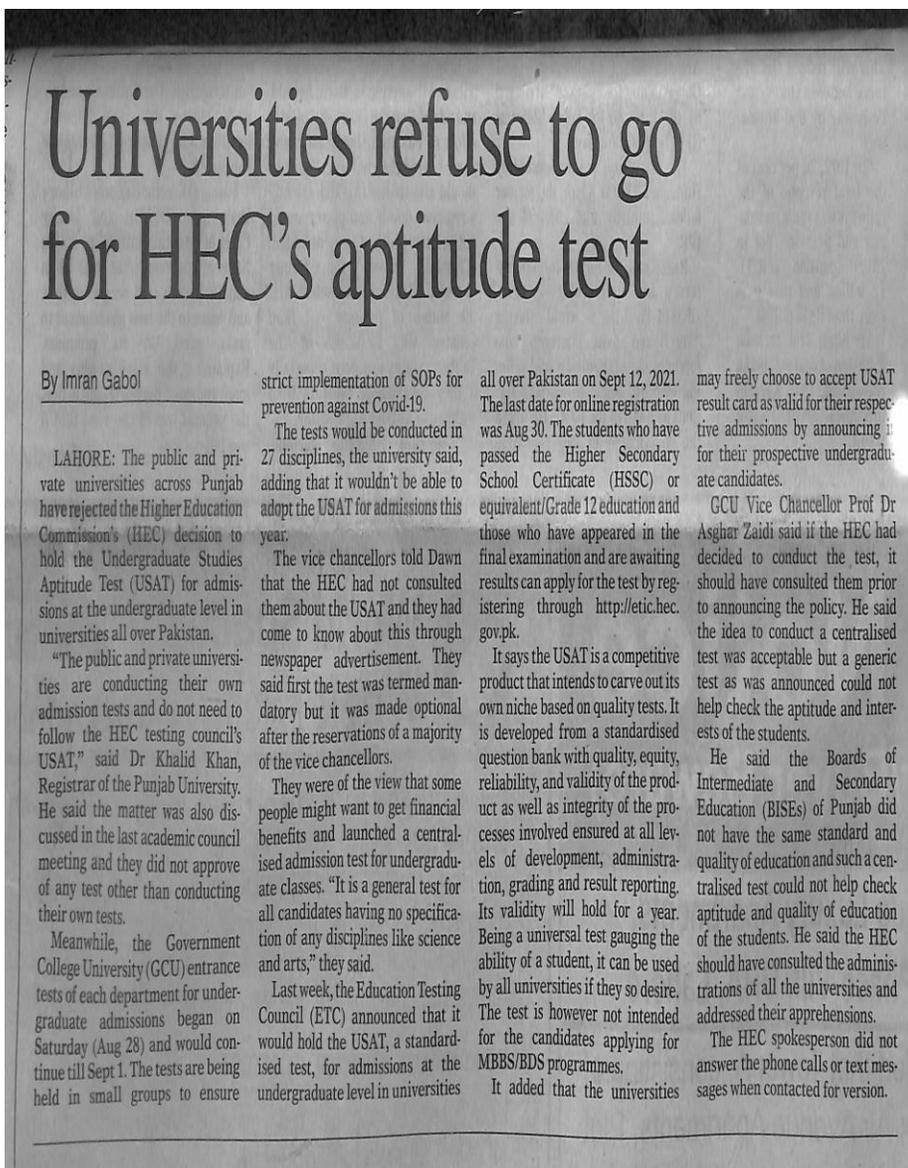

To a question Dr Iftikhar said owing to paucity of space in advertisement it could not be made clear that the USAT was not mandatory.

Title: HEC Call for Research Proposals Local Challenge Fund (LCF) 2021

Source: Daily Express. Page: 9

Dated: August 19, 2021

Web link:

https://www.express.com.pk/epaper/PoPupwindow.aspx?newsID=1108583147&Issue=NP_LHE&Date=20210819

Higher Education Commission Pakistan

Call for Research Proposals

LOCAL CHALLENGE FUND (LCF) 2021

The Higher Education Commission (HEC), Pakistan invites faculty members of public and private sector universities/degree awarding institutions to submit research proposals that can help address local issues.

Key Features

The Local Challenge Fund (LCF) is a key element of the Higher Education Development in Pakistan Project (HEDP) supported by the World Bank and implemented by HEC. LCF is anticipated to support research projects that address locally relevant socio-economic issues and may also address topics associated with the Sustainable Development Goals (SDGs). For LCF research priority areas, please refer to the HEC Research Priority List available on: <https://hec.gov.pk/site/PRA> and the priority areas under SDGs available on: <https://www.sdg-pakistan.pk/web/sdgs>

The LCF awards will be selected competitively, using a merit-based, independent, transparent evaluation and selection process based on international standards. The amount of funding for LCF awards is Rs. 65 million for a maximum project duration of two years. In exceptional cases, budgets may go up to Rs. 113 million.

Applicant Eligibility

Applications from eligible Principal Investigators (PIs) are invited under two separate elements of LCF as follows:

1. **LCF - Element One:** The successful projects will balance (1) a research focus on addressing a Local Challenge with (2) building the research capacity and contributing to the research mission of the host institution. The Principal Investigator for Element One proposals must be a university faculty member (PhD or FCPS/MCPS/FRCS) based at a Pakistani higher education institution (HEI) that is not included in the list of research-intensive institutions as specified for the Grand Challenge Fund-2020 (GCF-2020) call.
2. **LCF - Element Two:** The successful projects will focus primarily on addressing a Local Challenge. The Principal Investigator for Element Two proposals must be a university faculty member (PhD or FCPS/MCPS/FRCS) based at a Pakistani HEI that is included in the list of research-intensive institutions as specified for the GCF-2020 call.

Proposal Submission Procedure

Project Outlines on prescribed application template along with requisite documents must be submitted by the PI. The Head of ORICs/ Head of Research at the respective HEI must endorse the submitted application via HEC online portal: research.hec.gov.pk

For further information regarding proposal submission requirements and evaluation process, please see Call for Proposals Guidance available on: <http://www.hec.gov.pk/site/LCF>

Deadline for Project Outline Submission: Friday, October 1, 2021

Queries regarding LCF may be directed to email: info-r&d@hec.gov.pk

Title: Call for Research Proposals Technology Transfer Support Funds (TTS) 2021

Source: Daily Dawn, Page.08

Dated: September 28, 2021

Weblink: https://epaper.dawn.com/Advt.php?StoryImage=28_09_2021_008_005

Call for Research Proposals

TECHNOLOGY TRANSFER SUPPORT FUND (TTSF) 2021

The Higher Education Commission (HEC), Pakistan invites faculty members of public and private sector universities/degree awarding institutions (DAIs) to submit research proposals focused on transfer of university-developed technologies and products to the industry and commercial sector.

Key Features

The Technology Transfer Support Fund (TTSF) is a key element of the Higher Education Development in Pakistan Project (HEDPP) supported by the World Bank and implemented by HEC. TTSF is anticipated to support promising partnerships between academia and industry to facilitate the transfer of university-developed technological research to the industry and commercial sector. TTSF will provide funds to selected institutions based on a competitive, peer-reviewed evaluation of proposals. The amount of funding for TTSF awards may range between Rs. 7.5 - 15 million with a maximum project duration of two (02) years and must include co-financing – including in-kind and/or cash contributions – from the industry collaborators. The requested amount of TTSF funding for the academic institution cannot exceed the co-financing committed by the industry collaborators.

Applicant Eligibility

Lead Principal Investigators (PIs) must:

- be regular faculty members of public or private higher education institution (HEI) or hold a contract equivalent to the length of project duration, and
- co-financing (including in-kind or cash contribution) by the industry partner is mandatory.

Priority Theme

The priority sectors for TTSF support include:

1. Telecommunications
2. Information Technology and its application in health, textile, agriculture and agri-business such as dairy and horticulture
3. Engineering sciences, including microelectronics, water, power, energy and fleet management
4. Biotechnology
5. Materials sciences, for example nanotechnology

Proposal Submission Procedure

Project proposals on prescribed application template must be submitted via HEC online portal.

Deadline for Project Proposal Submission is:

Friday, November 19, 2021 (11:59 PM)

For further information and application submission requirements, please visit: <http://www.hec.gov.pk/site/TTSF>
